

Higher Education PARTNERSHIP

DEAR COLLEGE AND UNIVERSITY PARTNERS,

The experience of attending college in Philadelphia is changing as more students see the city and region as part of their extended campus.

Campus Philly is your partner helping students access all the region has to offer. We focus on experiential learning and internship opportunities, off-campus arts and culture experiences, and building students' networks in Greater Philadelphia's varied communities.

Campus Philly programs are designed to complement and extend the impact of our higher education partners. We offer staff and student leaders connections to off-campus communities; we create more opportunities for students to find internships and entry-level jobs; and we support staff on campus at admissions, orientation, and career events.

We look forward to including all of your students in our programs for 2019-2020 and continuing to make Greater Philadelphia the best place in the world to go to college.

Sincerely,

Deborah Diamond, Ph.D.
President, Campus Philly
